

SCOPE OF WORK and BID FORM
TOWN OF LYMAN PARK
RAMPS AND SIDEWALK PROJECT
MAY, 2018

In accordance with the attached plan sheet dated May, 2018 for the Lyman Park Ramps and Sidewalk Project I/we propose to construct the ramps and sidewalk in accordance with the plans and specifications for the following bid price.

Work items

1. Verify all elevations of ramps shown on the plans and notify engineer of any discrepancies. Layout the work to the locations and elevations shown on the plans. Place tree protection fencing around the 4-inch maple tree at Ramp A.
2. Remove topsoil from areas to be excavated, stock pile top soil and replace top soil on disturbed areas, rake to final grade.
3. Excavate, grade and compact ramps and sidewalk subgrade to the lines, contours and elevations shown on the plans. Dispose of surplus material at a location on site as directed by the Town.
4. Construct ramps and sidewalks to the design elevations shown on the plans. Install ADA handrails per the plans, approved shop drawings and attached handrail specifications.
5. Form, place and finish concrete ramps and sidewalk in accordance with SCDOT specification Section 720 and the notes on the plan sheet. Use 3,000 psi concrete.
6. Replace topsoil on all disturbed areas and along edge of ramps and sidewalk raking it smooth to the contours shown on the plans.
7. Plant grass seed and apply 10-10-10 fertilizer. Use the grass seed mixture of Bahia, Bermuda, Fescue and Sericea Lespedeza grass at the mixture ratio as shown in the attached Permanent Seeding Table. Cover all disturbed areas with Class A Erosion Control Blanket.
8. Clean up and leave site neat and clear of all evidence of construction activity.

My Bid:

I/we are a properly licensed general contract in the state of South Carolina. I/we propose to complete the above ramps and sidewalk project for the below listed prices which includes all labor, material, taxes, insurance, transportation and all and any other cost required to complete the work. I understand the Town may decide not to do each of the 4 items of work but may select those items which they feel are a priority and select those items at their sole discretion.

My proposed bid price for each work item is as follows:

Item 1 – Ramp A with handrails	\$ _____
Item 2 – Ramp B with handrails	\$ _____
Item 3 – Ramp C with handrails	\$ _____
Item 4 – Restroom sidewalks	\$ _____
Total Bid Amount	\$ _____
